

ACCESS TO NEW NORTHERN BEACHES HOSPITAL "CLOSED"

17 March 2019

The video link below is of Wakehurst Parkway before it was closed Sunday 17 March 2019.

Normally it would be closed well before the water covered the road.

It is understood the decision to leave it open longer was political as the government didn't want to close the only direct route from Pittwater to the Northern Beaches Hospital putting lives at risk.

In the end though it was a lost cause and the Wakehurst Parkway had to be closed for safety reasons of excessive flooding.

The government including local member Rob Stokes didn't listen, the Pittwater Community is cut off from the Northern Beaches Hospital in cases of heavy rain, they just don't care, and lives will be lost.

Heart ATTACK

Mona Vale Hospital CLOSED

Wakehurst Parkway CLOSED

CHANCE OF SURVIVAL ??????
