A PLEA TO ROB STOKES

Dear Minister

Eagle Arts and Vocational College, caters for teenagers who refuse to go to school or who have been asked to leave their previous school. Many of our kids suffer from anxiety or depression. We have more art and sport than other schools and no exams. We have no fees.

It is a "low stress" school and kids enjoy our school.

Now NESAs wants to close us down because of compliance, the paperwork.

100 kids will end up back on the streets and some of these are suicidal. Still, I cannot get a meeting with you to discuss this situation despite numerous requests. We do not want money. We want NESAs to work with us to solve compliance.

Please meet with me.

Gab McIntosh OAM

Principal

Eagle Arts and Vocational College
